5. EXAMINATION POLICY

The examination team carefully and constantly plans the examination schedules and.coordinates all examination activities.

The examination committee's role in the examination process is to provide a healthy environment for examination and prevent malpractices during examination. Furthermore, extreme care is taken to the documentation and management of examination resources, both before and after the actual examination.

Examination Rules

The minimum attendance requirement for the student in the respective subject's theory and practical is 75%.

The student must remember to appear for all university and internal exams.

If a student is unable to attend an exam because of a medical condition or another uncontrollable circumstance, they should notify the principal and the examination section of the situation and provide adequate documentation to support their claim.

Students are required to carefully read the exam schedule and to regularly verify any changes that have been made.

Ten minutes prior to the start of the exam, the student needs to be in the examination hall.

In the exam room, the student must follow the supervisor's instructions

During the exam, students are not allowed to bring any electronic data storage devices, books, calculators, blank papers, or notes. During the exam, all rough work needs to be completed in the exam booklet provided.

Ten minutes prior to the exam's end, there will be a warning bell. Students are required to stop writing at that time and prepare to turn in their answer books to the supervisor.

The student cannot get up from their seat until the supervisor has collected all of the answer books.

Exam Grievance Redressal Committee

Any student having problem with marks can collect Student application form and answer sheet Xerox from exam dept.

Attach relevant document to it and submit to exam department.

The student's application will be forwarded to the Exam Grievances Redressal Committee for further action after submission.

The Exam Grievances Redressal Committee is empowered to approve or disapprove an application.

Should a committee accept an application, they will designate a moderator to assess the response sheet.

The exam department will receive the final revised marks.

Seven working days will pass during this process.

6. GRIENCES REDRESSAL POLICY

Grievance Redressal Mechanism for Caste Discrimination

The college's anti-discrimination cell is responsible for organizing, monitoring, and evaluating the efficient execution of government policies and initiatives related to SC/ST candidates. it promotes the special interest of Students in the in the reserved category . Additionally, the anti-discrimination cell has been responsible with handling grievances from staff members and students who identify as SC/ST. In areas where students experience difficulties, it is expected to offer extra assistance.

Functions

To regularly gather data regarding the admission of SC/ST candidates in the institution.

To function as a Grievance Redressal Cell for the grievances of SC/ST students and employees of the institution and provide them with the necessary assistance in resolving their administrative and academic issues.

The Anti-discrimination Cell Activities at the Institute level

Through circulars provided to all faculty members, the anti-discrimination cell spreads widespread awareness and advises students about the various scholarships offered by the government and other authories.

The anti-discrimination cell has taken up the issues that SC/ST employees and students have with the institute administration, and some of those issues have been resolved easily. The staffs of the Cell are actively engaged in coordinating and solving the problems in matters of admissions. They also announce details of government scholarships and fellowships through circulars to the SC / ST students. The Cell concentrates on accommodation of men and women students in hostels, and the implementation of the rules of reservation in appointments as well as in the allotment of quarters to SC/ST employees. In the end, the cell has served as an approachable counselor for all SC/ST students.

Procedure to file a complaint

A written complaint may be submitted to the Coordinator, anti-discrimination cell. Any student and employee (including contractual, casual and temporary) of institute can approach the Cell.

5.Time Bound Mechanism to address the Grievance

- Related to Sessional Exam: Decision within 7 working days.
- Related to Form filling process: Addressed and communication with university is done. (Approx 3 weeks).
- Related to verification and revaluation process: Photocopy Application – 10days, Revaluation application – 10days and change in marks – 30days.

Hence, Institute practice a time bound and efficient mechanism to deal with grievances of the students related to examination and hence the examination grievance committee assured the transparent and time bound process of addressing the grievances.

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

suspensions or liquid doses such as syrups, gargals, oills, etc we use this technique.

suspensions are biphasic liquid doses form which is dispersed in liquid or semi-liquid in ~~os~~ su size. particals.

for increase the solubility of product we use various methods, such as heating or water bath.

ideal solutions are the solution which is easily dispers or slowly settel down these ~~so~~ solution are bulky in Nature.

(n) These are affected when they come in contact of sunlight.

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

the error are caused due to the handwriting of priscriber, in some case the medicins given in priscription note sometime the some letter on Note can't be identified by pharmacist.

Then that case the the pharmacist have to concert with priscriber.

The mobile no or address of the priscriber is given on the priscription note.

Then we have to conform that the medicin with the priscriber.

after the conformation we gives medice to the petent.

in some case in the name of medicine, is confusing, at that time we can't gase.

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

quality of dose is ~~gis~~ depends on Age, gender (sex), weigh of patient.
it is ~~to~~ depend on immun power of patient.
according to age of patient the ~~priscription~~ priscriber priscribe the medicin or quality, quantity of dose.

~~Ab~~ following are the sources of error in priscription.

1. Abbrvation:
priscription are manly written in english language,
abbrevation present in the problem ~~understanding~~ sometime abbrevation mistakes ~~pr~~ eadure the pharmacist.

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

4 dosage form and drug prescription:

many medicin are available in one or more dosage from the liquid, tablet or capsule and suppository.

The pharmacutical form of product show by ~~let~~ written on prescription in order to ambiguitio

5) Dose: Usually high or low dose are discussed with the prescriptber. prodiatric dosage form may present a problem so pharmacist consult peadatic posology to avoid any error. sometime to concult with priscriber to avoide the problems from other doses. this is responsible for over reaction against body of patient.

(4)

four

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

* The syrups are easily mixed solution without any quand external techniques.

these are adjestable according to age, weigh or sex.

according to age of patient such as children the quand. ity of dose is low.

and upto increase age to adult the dose of patient is in proper quantity.

and for old age person the quantity is adjestable.

the quantity or qualitgy is adjested according to weight or sex of person

according to age the weight of person is abnormal then quantity of dose is adjested.

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

disadvantage of syrups:

The syrups are in liquid state this nature makes hard to transport.

these solution are always keep away from sunlight.

these solution can't be comfortable in any atmospheric condition.

The uv light from sun can affect the solution.

~~in~~ some condition the solution chang their property because of internal reaction.

The growth of fungi, algae is posible in the solution because of abnormal atmospheric condition.

Ques No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

3. →

→ Doses are in two forms
1. liquid dose
2. solid dose

liq. and some are samisolid. or semiliquid type these are, emmulsions.

liquid doses form:
these are the type of suspension in which o.s to s.u pertical is dispersed in liquid. which are slowly setal down and easily redusperse.

liquid doses form are of following types.
1. syrups.
2. elixers
3. gargals
4. oils linments.

Ques. No. _____ (In Words _____) To be filled by valuer/ moderator/ revaluer only.

gargales:

gargals are the type of liquid doses forms these are used as ~~ext~~ not used as internal these are used as mouth cleaners.
